SUGGESTION NO. 3002: dated 2 April 1957  
[REDACTED], GS-9, Artist  
Visual Aids, DD/S

A. Summary of Suggestion

Suggester proposes that Suggestion Awards posters be more strategically located so that they face personnel walking the halls.

The suggestion was turned down by "Round Robin" on 1 May 1957 on the basis of Mgt/S evaluation that the relocating of signs already was being considered and the building of special panels was impractical.

On 27 May 1957 the suggester requested reconsideration because he was referring to panels or partitions for relocating the signs that need not be constructed since they already exist in Buildings I, J, K, and L. (His sketch of area is attached.)

B. Summary of Re-Evaluation

See the attached re-evaluation by Mgt/S dated 7 June 1957.

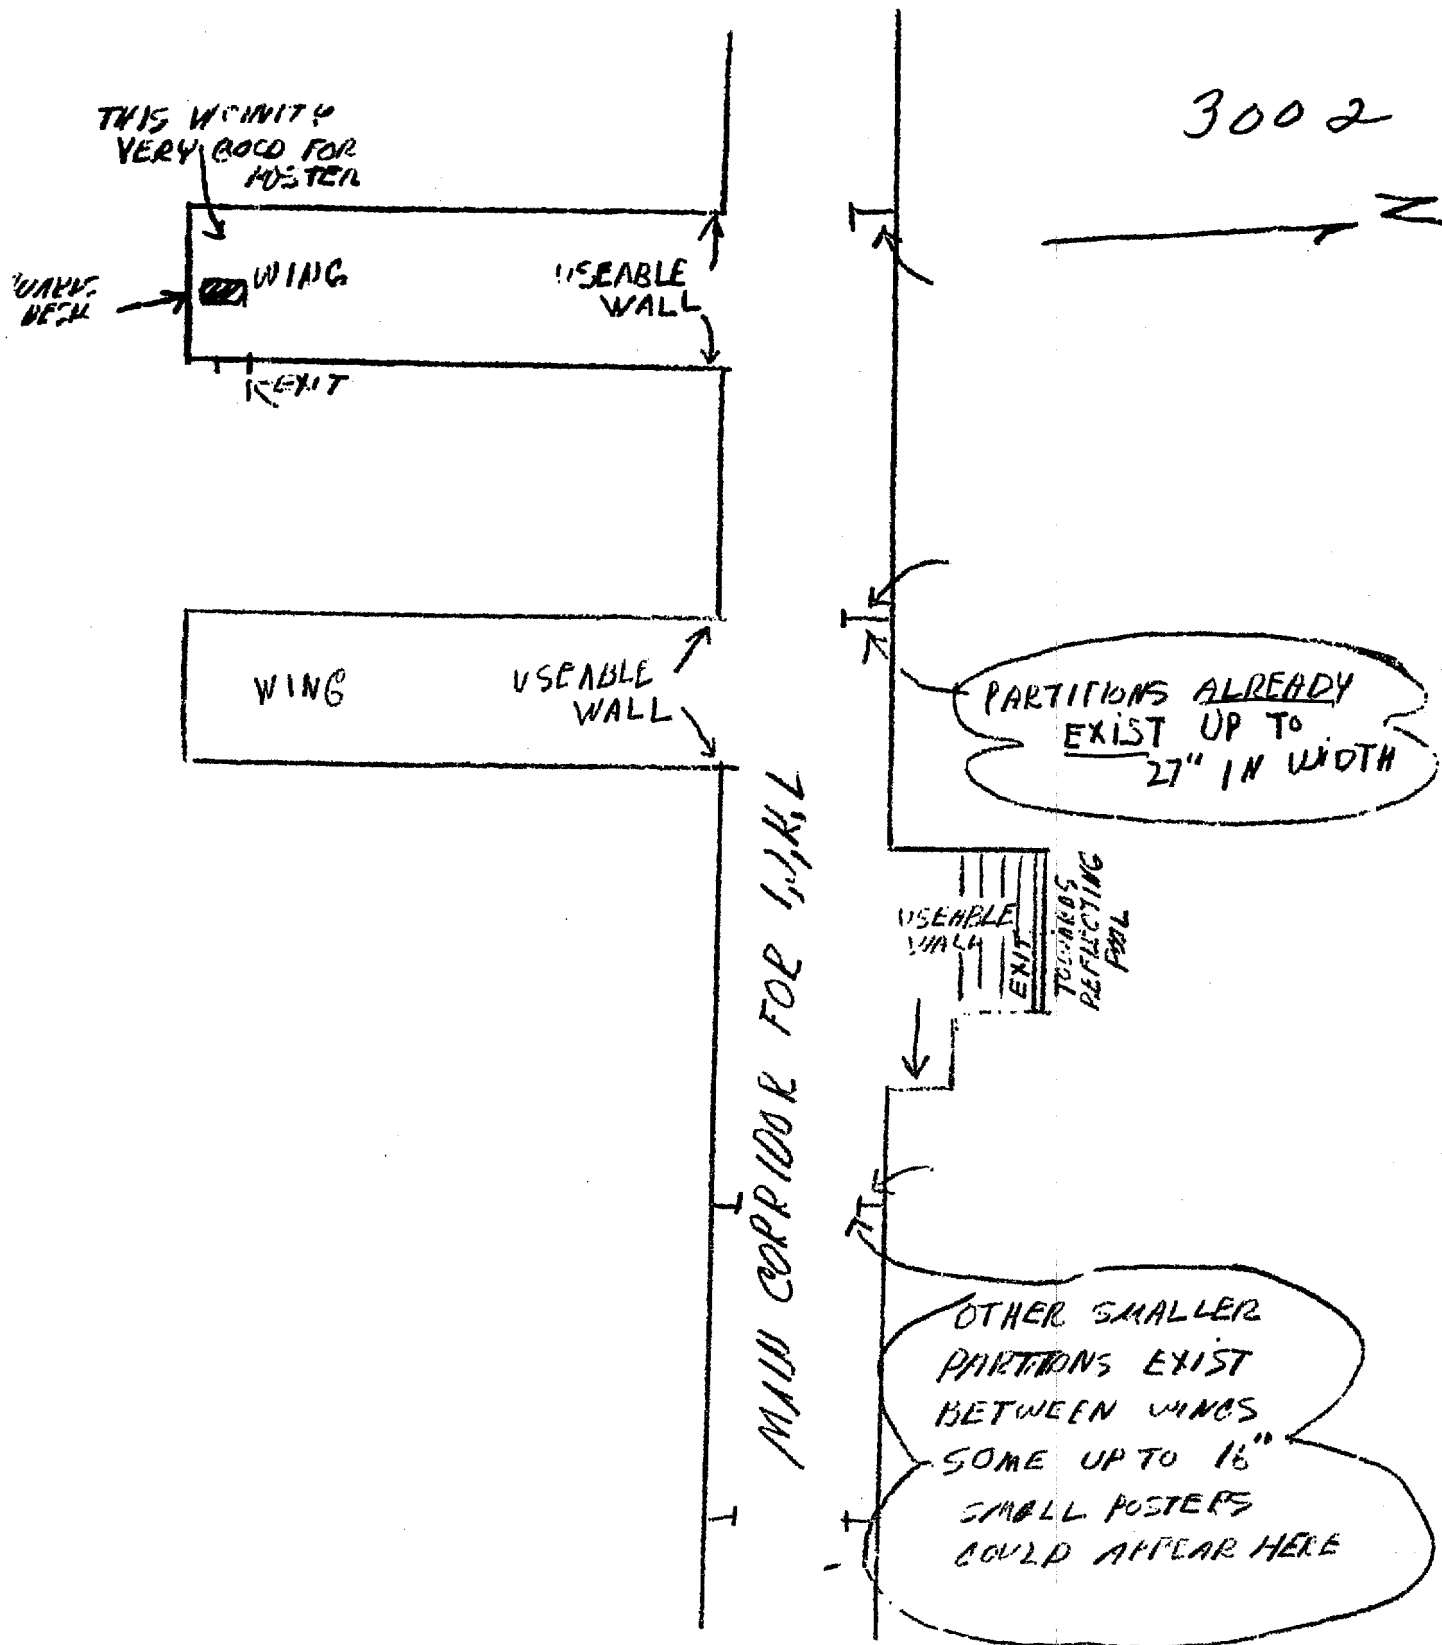

C. Executive Secretary's Recommendation

1. Adoption of suggestion.
2. Award of \$10-\$25 based on intangible benefits (slight-limited).

D. Decision of Committee

X Adopted \$10. Award \_\_\_\_\_ Letter of Appreciation  
\_\_\_\_\_ Not Adopted

RE-EVALUATION OF SUGGESTION NO. 3002

After reading Suggester's supplementary suggestion and reviewing the prior evaluation, I agree with Suggester that his proposed solution to the problem of location of poster awards is feasible and that properly spaced these locations would not add to the cluttered look of the halls.

Since it will be sometime before the current survey of poster-framed locations is completed and since this suggestion has intangible value, it is recommended that the suggestion be approved to be put into use at a future date, and that the Suggester receive a small cash award for the intangible value of his suggestion.
